Message from Development Leadership

Dear Friends,

Although it was a small group of visionary women who founded Frederick Memorial Hospital well over a century ago, it took the whole community to make it a reality. Ever since, FMH has been blessed with a group of generous and passionate supporters who have made charitable giving the foundation of our ability to provide state-of-the-art healthcare to the Frederick community.

Over the years, as our community has grown and its healthcare needs have changed, this support has never wavered. Whenever we have launched an expansion or renovation project, the community has stepped forward to help assure that the quality healthcare that has always defined us continues today...and beyond.

During The Time is Now campaign, we have seen more than $17 million raised in support of the James M. Stockman Cancer Institute. Scheduled to open in the summer of 2017, this state-of-the-art facility is a testimony to what a generous community can do when we all work together to achieve a goal. Our sincere thanks to everyone whose names appear in the pages of this Donor Report for helping to move this vital resource forward.

If you have not made a contribution to the campaign, we ask that you read about the Institute in the pages that follow, and consider making a contribution. Your tax-deductible gift will help us realize our vision of funding this new facility entirely through the charitable support of this community.

We appreciate your consideration, and thank you in advance for your support.

Best Regards,

Thomas A. Kleinhanzl, President & CEO
Frederick Regional Health System

FMH Development Council
Board of Directors

The members of the FMH Board of Directors are the community’s direct link to the hospital’s operations. They oversee the financial health and stability of the organization, and play a key role in planning new initiatives to address the healthcare needs of the community. Each member is an accomplished civic leader whose community contributions and business acumen have been instrumental in successfully guiding Frederick Memorial Hospital into the 21st century.

“The members of our Board of Directors volunteer their time and expertise to help the hospital plan programs and initiatives that will best bring our mission of high quality, convenient, accessible healthcare alive in our community.”

-GERALD WINNAN, M.D.,
Chair, FMH Board of Directors
Development Council

At the heart of the hospital’s fundraising efforts is a core of volunteers called the FMH Development Council. Led by Dr. P. Gregory Rausch, Chair, and Jeffrey I. Hurwitz, Vice Chair, the Development Council is comprised of 71 business and community leaders. This dedicated group has helped continue the tradition of philanthropy that has been the cornerstone of the hospital’s ability to meet the community’s healthcare needs for well over a century. Founded in 1989, the Development Council’s efforts have raised more than $74 million for renovation, new construction, service line enhancement, and new and replacement medical technology at Frederick Memorial Hospital.

For the Community...

Frederick Regional Health System (FRHS) is expanding its award-winning oncology program into a fully integrated, comprehensive cancer care center that will be known as the James M. Stockman Cancer Institute. Located on the hospital’s Rose Hill campus, this new facility will allow FRHS to continue providing area residents with high quality, patient-centered cancer care in an environment that is even more convenient, comforting and healing.

At nearly twice the size of the existing facility, the new Cancer Institute will house everything that patients fighting cancer and their families need—all under one roof, in one convenient, easily accessible location. Combine these advantages with Frederick Regional Health System’s recent affiliation with MD Anderson Cancer Network®, and the James M. Stockman Cancer Institute is well positioned to bring a new level of experience and compassionate care to the Frederick community. (Read more about the Institute’s affiliation with the Cancer Network on pages 10-11.)

Thanks to early support from individuals, businesses, and foundations, the FMH Development Council has raised more than $17 million of the Institute’s estimated $21 million cost—an amount that far exceeds the original goal of the project’s fundraising campaign. Efforts to secure additional philanthropic support continue in the hopes of funding the entire project through charitable giving.

Construction of the new facility is well underway toward an opening date in the summer of 2017.

Earlier this year, lifelong county resident and Frederick businessman James M. Stockman contributed $3 million to help make the new Cancer Institute a reality. In appreciation of his generosity, the new facility bears his name. In September, Mr. Stockman was invited to sign the last steel beam placed in the James M. Stockman Cancer Institute’s infrastructure.
On behalf of a grateful community, we would like to extend a special thank you to the following individuals, businesses and foundations that have made signature gifts of $25,000 or more to The Time is Now campaign benefiting the James M. Stockman Cancer Institute.

MD Anderson Cancer Center is one of the world’s most respected centers devoted exclusively to cancer patient care, research, education and prevention. Since its founding in 1941, MD Anderson has generated and collected invaluable information on the treatment, prevention, early detection and follow-up care of all types of cancer. One of the original three comprehensive cancer centers designated by the National Cancer Institute, MD Anderson has the largest clinical trials program in the nation.

Over the years, Frederick Regional Health System has invested in leading-edge technologies for cancer treatment, including CyberKnife®, Intensity-Modulated Radiation Therapy, and the daVinci® Robotic Surgery System to name just a few. We have recruited highly-trained cancer specialists and support staff for our care teams. The decision to build the James M. Stockman Cancer Institute on our Rose Hill campus is the most recent symbol of our commitment to excellence in cancer care, visible to our entire community.

To ensure our oncology program’s access to some of the latest advancements in cancer care, we have become a certified member of MD Anderson Cancer Network®, a program of MD Anderson Cancer Center. This exciting alliance opens the door to a wider range of multidisciplinary care resources than ever before—like the most up-to-date guidelines and best practices for cancer prevention, treatment and follow-up care.

This collaboration has enormous benefit for the patients of the James M. Stockman Cancer Institute and their families. Patients who come to us for cancer care will stay right here in Frederick under the care of their personal physicians, our certified physicians of the network and an entire care team dedicated to their physical and emotional well-being. In addition, their personal oncologists will routinely discuss challenging cases with MD Anderson cancer experts through physician-to-physician consultations.

“Treating cancer is becoming increasingly complex. Promising new developments with implications for how we care for our patients are happening every day. Our collaboration with the network helps ensure that we have access to the latest and best guidelines for caring for people with cancer.”

-DR. MARK SOBERMAN
Frederick Regional Health System has been chosen as a certified member of MD Anderson Cancer Network®, and is one of just 15 such affiliates in the United States. This affiliation allows our cancer program to bring the expertise of a recognized global leader to patients in Frederick County and the surrounding area. Our certified physicians of the network now have access to evidence-based clinical treatment guidelines and best practices, as well the opportunity to participate in routine video conferencing with MD Anderson physicians for consultative, peer-to-peer second opinions.
Order of the Good Samaritan

One of the cornerstones of the hospital’s charitable giving program is the Order of the Good Samaritan. Founded in 1989, the Order has grown from 20 to 728 members. Its $19 million in charitable contributions have played a key role in helping the hospital move forward with renovations, new construction, service line enhancements and the purchase of leading edge medical technology. Members of the Order of the Good Samaritan support Frederick Memorial Hospital through a pledge of $10,000 or more over a 10-year period.

Please welcome our newest Good Samaritans:
Doug and Stacy O’Rear learned firsthand how important having the support of friends and family is to the healing process.

When Stacy’s breast cancer treatments required her and her husband Doug to travel out of Frederick, one of the most difficult things was not having her loved ones nearby for support. Determined to find a way to be there for Stacy and Doug through their ordeal, the couple’s family and friends found a unique way to go with them in spirit.

They collected pictures of Stacy and Doug’s loved ones, transferred them onto fabric, and made a quilt. This “picture quilt” went with Stacy to every chemotherapy session, keeping her warm and constantly reminding her that her loved ones were always with her.

Now cancer-free, Stacy and Doug have continued this tradition. Whenever they find out that a client or friend has been diagnosed with breast cancer, they have a quilt made for them as a gesture of caring and support. They have also joined the hospital’s Order of the Good Samaritan to assist FMH in fulfilling its mission of providing top quality healthcare, right here in Frederick.

“Our hope is that, by joining the Good Samaritan program, we can reach beyond those we already know and help other families in times of need, just like those closest to us helped our family when we needed it most.”

On July 2, Virginia Grams, beloved mother of Good Samaritan Yvonne Reinsch and mother-in-law to Jim, died at the age of 95. Known for her zest for life, accepting nature, and vivacious personality, those who knew her best recall her as a “champion of the underserved in our world, and an advocate for the elderly.”

“Mom spent a lot of her life doing good things for other people,” said Yvonne. “She wasn’t a joiner, and she usually didn’t do things through the customary channels, but she was a Good Samaritan in the truest sense of the word. If she saw someone without a coat, she found them one. If someone was hungry, she’d see they got a meal. She worked at Select Seconds with her fellow FMH Auxiliary volunteers, and rang bells with Jim through Rotary to benefit the Salvation Army at Christmas time. She shared her passion for life, her faith in God and her love of family with everyone around her.”

To honor Virginia’s memory, Yvonne and Jim made a gift to FMH in the form of a memorial membership in the Order of the Good Samaritan. By adding Virginia Grams’ name to the roster of the Order, the Reinsches have created a unique tribute to her long and selfless life.
2016 Good Samaritans of the Year

For the past 25 years, FMH has been recognizing local citizens who have demonstrated extraordinary commitment to the Frederick community with its Good Samaritan of the Year Award. The highest honor given by FMH to an individual, this award is shared by a group of men and women whose lives epitomize excellence, leadership and generosity—both toward FMH, and the community at large.

On May 13, Norman E. "Bob" and Betty Waltz were named Frederick Memorial Hospital’s 2016 Good Samaritans of the Year at a reception for some of the hospital’s most generous benefactors. The couple received the award in recognition of their more than six decades of community volunteerism and philanthropy. They were honored for their loyal support of FMH, which included membership in the Order of the Good Samaritan and several leadership gifts to capital campaigns, their service on Development Council and Auxiliary committees, and their overall contribution to the quality of life in Frederick County.

"The 68 years that Bob and Betty Waltz have shared together reflects the sterling qualities of all Good Samaritans: compassion for others, a willingness to meet needs, the readiness to go a second mile and extraordinary generosity with their material resources."

-PASTOR ROBERT MANTHEY, NOMINATOR
Calvary United Methodist Church

Because Bob was unable to attend the Good Samaritan of the Year reception for health reasons, the couple's son Robert F. Waltz accepted the award on his father's behalf.
Always characterized by devotion to their family, their community, and their church, Bob and Betty’s life together began with their marriage in 1948. After Bob returned from serving in the Army during World War II, he learned the plumbing trade on the GI Bill—eventually going to work for A.E. Fisher. In 1956, Bob and Betty started their own plumbing and heating company—a thriving family business that celebrates 60 years of service to the Frederick community this year. (Interestingly, Bob and Betty, our most recent Good Samaritans of the Year, share that honor with Bob’s first employer, Alden E. Fisher, who was one of the hospital’s first Good Samaritans in 1991.)

Bob and Betty were members of Calvary United Methodist Church for 65 years, serving the church in many capacities. Other beneficiaries of the Waltzs’ extraordinary generosity have included the Community Foundation of Frederick County, the YMCA, and Goodwill of Monocacy Valley. Although devoted to their hometown of Frederick, Bob and Betty also loved to travel, visiting four continents and numerous locations in the U.S.

Earlier this year, Bob passed away peacefully at home surrounded by his family. He will always be remembered for his generous nature, his kind heart and his zest for life.

A project of the FMH Business & Industry Committee, the Corporate Honor Roll was founded to provide financial support for the hospital’s strategic capital goals. Contributions from this diverse group of local businesses, organizations, foundations and civic clubs allow the hospital to stay on the leading edge of medical technology and services. Funds raised through the Corporate Honor Roll program are used exclusively for hospital expansion plans, capital equipment needs and the development of new services and programs to better serve the changing healthcare needs of our Frederick community.

We are pleased to welcome the following new members of the Corporate Honor Roll:

Each month, hundreds of caring individuals come to Frederick Regional Health System to volunteer. They assist patients who are arriving at and departing from the hospital, support the families of those who are ill and injured, greet and direct visitors, deliver flowers and reading material, transport patients, staff the Gift Shop and Select Seconds Thrift Store, and perform many other important and helpful tasks at the hospital and its satellite locations. Volunteers donate tens of thousands of hours every year, resulting in a generous charitable contribution as well as a significant savings in operational costs for Frederick Regional Health System.

**HOW CAN I VOLUNTEER?**
Contact the Volunteer Office 240-566-3567 or email vol@fmh.org for an application. (Volunteers are asked to contribute 3-4 hours per week or every other week. Assignments available with and without direct patient contact.)

**WHAT ELSE CAN I DO TO HELP THE AUXILIARY?**
- Donate magazines and books for our Library Cart
- Donate clothing and household items to Select Seconds Thrift Shop
- Make purchases at the Thrift Shop, the FMH Gift Shop, our Holiday Bazaar and other fundraising projects throughout the year.
- Purchase lights in honor or memory of a loved one on our Tree of Lights during the holiday season.
- Say “thank you” to each volunteer you encounter each day!
The 1902 Club is a dynamic group of donors who are deeply interested in helping Frederick Memorial Hospital realize its vision of providing “Superb Quality, Superb Service, All the Time.” Contributions from members help the hospital to provide necessary new services and state-of-the-art equipment vitally needed to keep pace with today’s rapid advances in medical technology, as well as providing funds for the expansion of the hospital. Members of the 1902 Club contribute $100–$1,000 annually to Frederick Memorial Hospital.

ACE stands for A Caring Employee. ACE is the giving club through which more than 650 Frederick Regional Health System and Trivergent employees show their support of Frederick Memorial Hospital. Over the past four years, members of the ACE Club have pledged more than $300,000 to *The Time is Now* campaign to support the James M. Stockman Cancer Institute. We are thankful for the support of all of these members of the hospital family, whose generosity shows that “ACE Club members don’t just make a living; they make a difference.”

Contributions to the ACE Club and the Angel Fund come from employees of both the Frederick Regional Health System and Trivergent Health Alliance MSO, a management services organization that provides support services to FMH.
The Angel Fund

When one of our employees experiences a financial crisis caused by a catastrophic situation, his or her co-workers have created a resource that can sometimes be of help. Known as the Angel Fund, this special resource is an example of how Frederick Regional Health System and Trivergent employees have come together to support one another in a spirit of compassion, stewardship, timeliness and professionalism.

Through the years, Frederick Memorial Hospital has been blessed with many benefactors who have created a personal legacy by supporting our healthcare programs and services through planned gifts. The Lasting Legacy program has been established to honor those, both living and deceased, who have remembered FMH in their estate plans.

Living Members
Legacy gifts, including bequests, gifts of cash, securities, personal property and life insurance, trusts and real estate, help provide the vital funds needed to assure the hospital’s future as the area’s premier healthcare provider. The following individuals have notified us that they have made provisions in their estate plans for Frederick Memorial Hospital.

“Ruth Evelyn Roney was Frederick Memorial Hospital’s Vice President of Nursing from 1981-1990. After her retirement, she volunteered at the hospital for many years. Upon her death in June of 2016, she continued her longtime support of FMH with a generous bequest. We are grateful to Ms. Roney and her fellow members of the Lasting Legacy program who have used planned giving to help the hospital grow and change to meet the community’s healthcare needs.”

-CHERYL CIOFFI,
Senior Vice President & Chief Nursing Officer

In 2001, Patty and Jeff Hurwitz created the Hurwitz Breast Cancer Fund with an initial contribution of $25,000. Since then, more than $1.4 million dollars has been raised to help the hospital provide the community with the latest technology for the early detection and treatment of breast cancer.

Thanks to the community’s generous support, approximately $150,000 is raised each year for the Fund. Three signature events are held to benefit the Fund during the month of October. In addition, many local clubs, schools, businesses, organizations, and even local municipalities support the Fund through various fundraising initiatives.

Pictured from left to right are photos of the 2016 Pink Ribbon 5K, the Pink Ribbon Gala and the Pink Ribbon Fit Fest. Donors supporting the 2016 events will be recognized in the Spring 2017 Donor Report.
Every year, hundreds of individuals, businesses and organizations find innovative ways to support the Hurwitz Breast Cancer Fund at FMH. Before she passed away last year, Patricia “Pat” Newman Tarpley found a way to make a contribution that was as generous and unique as she was.

When Pat first developed breast cancer, she fought it tenaciously with the love and support of her husband, Tom. But when the cancer came back several years later, Pat rethought her response to the disease. Rather than opting for aggressive therapies, she focused on her peace and comfort, spending her days relishing the everyday joys of her 51-year marriage, her menagerie of beloved pets, and her many friends and “adopted family” members.

Part of finding peace for Pat was taking care of what she considered “loose ends.” Knowing her collection of valuable jewelry would be of little interest to Tom, she arranged to donate the collection to the Hurwitz Breast Cancer Fund.

“I know it gave Pat a lot of satisfaction to know that the jewelry she had enjoyed so much during her lifetime was going to be used to help other women get the care they need,” said Tom. “She really had a very generous spirit.”

-PATTY HURWITZ, Fund Co-Founder
Special Purpose Funds

Special Purpose Funds are donations made to Frederick Memorial Hospital with a specific purpose, and therefore have a more restricted application than other contributions. We ensure that these generously donated funds are managed carefully so as to provide the maximum benefit to the designated area within our overall charitable objectives.

Frederick Memorial Hospital is the epicenter of Frederick Regional Health System (FRHS) for acute care. For many conditions, however, an FRHS ambulatory, or outpatient, care facility can be an appropriate and convenient setting for diagnosis and treatment. FRHS is continuing to create a network of ambulatory care locations that provide imaging, laboratory, rehabilitation, and immediate care for unscheduled primary care needs. In addition, many of these ambulatory care locations house offices of Monocacy Health Partners' (MHP) physician practices.
