

Frederick Memorial Hospital

CareTrack Patient Portal

FAQs

How do I enroll?

There are 2 methods available to enroll in the Frederick Memorial Hospital CareTrack Patient Portal.

- The Hospital Enrollment method allows you to establish credentials at the time of your hospital registration
- The Self Enrollment method allows you to request enrollment credentials anytime from anywhere

For details see the Frederick Memorial Hospital CareTrack Patient Portal web page at www.fmh.org/caretrack.

What is the source of my health information in the Frederick Memorial Hospital CareTrack Patient Portal?

All of the information in the portal comes from your Frederick Memorial Hospital electronic health record.

What if I forget my Password?

Navigate to <https://caretrack.fmh.org> and click the “Forgot Password?” link. Then enter your Logon Id & Email Address and click Reset Password. You’ll receive a Password Reset email that includes instructions to reset your password.

What if I forget my Login Id?

Navigate to <https://caretrack.fmh.org> and click the “Forgot Logon ID?” link. Then enter your Email Address and click Reset Logon. You’ll receive a Password Reset email that includes instructions to reset your password.

I’ve exceeded the maximum allowed login attempts (4). What do I do?

After the 4th unsuccessful login attempt you will receive a “User Account Locked Out” email. Follow the instructions in that email to reset your account.

Who can access my health information?

Access to your health information is limited to you and the authorized persons you permit through the sharing of your credentials.

Is my information safe?

Yes. Portal passwords are encrypted and URLs are re-written so that they cannot be copied and pasted. You and only persons you authorized can access your portal health information. Also, a timeout feature protects your information if you leave the Portal page open.

FAQs

What if I have questions about the portal?

For questions regarding information contained within the portal, please contact your provider.

For all other questions, you can use the Contact Us button (available on every web page), email us at caretrack@fmh.org or call us at (240) 566-3438; please allow 48 business hours for a response.

Is the patient required to accept a user agreement?

Yes. The portal user must accept the electronic User Agreement before access is activated.

Can healthcare information of minors be viewed in the portal?

No. Currently, portal access to healthcare information of minors (under the age of 18) is unavailable. We are currently in the process of putting together the processes and documentation required to allow this.

What health related information is available?

- **Health Record** - Allergies, Conditions and Medications
- **Results** - Lab results are displayed 36 hours after they've been resultated. Due to their sensitive nature, the following test results are not available: tests indicating pregnancy, sexually transmitted diseases or HIV (this includes Herpes, gonorrhoeae, chlamydia, trichomonas, and syphilis), hepatitis (other than hepatitis C), Lyme (all Lyme, serum or cerebrospinal fluid, screen and confirmation) resultated after 9/2015, and tumor markers/Chromosome Analysis. For sensitive results, please contact your healthcare provider directly. Also, some results on tests sent to referral labs will not be available.
- **Reports** - Radiology reports are displayed 36 hours after they've been signed
- **Visit History** - You also have the ability to download, view and transmit (to another provider) your Health Summary record.

How do I update health related information?

- If your displayed Allergies are outdated, please use the Contact Us link to provide an updated list; we will contact you to confirm the updates.
- If your displayed Conditions or Medications are outdated, they will be automatically updated at your next hospital visit.

Are Microbiology or Blood Bank Test results available in the portal?

No. Both Microbiology and Blood Bank results are not currently available in the portal.

FAQs

How can I electronically send my Health Summary information?

- **To a Provider** - Obtain the providers direct address. Once this is done, navigate to the portal Health Summary page and follow the instructions in the page header.
- **To a non-Provider** – Obtain the email address. Once this is done, navigate to the portal Health Summary page and follow the instructions in the page header.

What information will show within ‘Upcoming Appointments’? Does this include ‘Pending’ appointments?

All appointments that have been successfully booked will appear within the “Upcoming Appointments’ list on a patient’s portal. For all ‘pending’ appointments, the patient will see these displayed within the ‘Appointments’ section of their portal until these are booked.

How can I update my demographic information, contacts or email address?

From the Home page, click the Profile button and follow the instructions in the page header. Please allow up to 36 business hours for updates to be processed.

How can I change my password?

From the Home page, click the “Preferences” at the center/bottom and then click the “Change Password” button. Follow the instructions in the page header; you’ll need to immediately logout / login before accessing other areas of the portal.

What information is contained in the Reports web page?

Your test result reports will be viewable in *portal* 36 hours after the results are finalized by the performing provider and put into your health record. The following reports are currently not available to view in CareTrack; results containing images & results that are web based (EKG Tracing, Heart Catheterizations, Cardiology Echo and Sleep Studies).

Can I pay my Frederick Memorial Hospital bill online?

Yes. Links to the Frederick Memorial Hospital Online Bill Payment site can be found in the [CareTrack Portal](#) under the Frederick Memorial Hospital Website Links as "Pay Your Bill" or on the [Frederick Memorial Hospital Website](#) / [Billing Information](#) page. For additional information, please use the "Live Chat" found on the [Frederick Memorial Hospital Online Bill Payment site](#).

Still need help?
